

Job Title: Salesforce Admin/Developer Intern

Job Type: Full Time

Job Location: Atlanta

Travel Expected: Yes (No travel expected during Covid-19)

Job Id: NY00012i

Introduction:

Navyaan is an IT consulting corporation which is focused on providing solutions, services, support to different organizations from sectors which include, but not limited to, healthcare, public, automotive, IT, retail, consumer goods, finance, communication, media, entertainment and others using latest Cloud technologies, primarily Salesforce. It also focuses on building innovative products that help in automating and improving digital platforms for various industries.

Currently NavYaan has its offices in Atlanta (GA), US and Hyderabad (India).

We are looking for a highly motivated individual who can work collaboratively with team members, hungry to grow and learn. The success of NavYaan is in your hands and we see you as NavYaan's future professionals as you transform vital business needs into solutions and drive innovation. You will be learning and building your skills and knowledge on Salesforce and cloud technologies.

Required Technical and Professional Expertise

- Bachelor's Degree in Computer Science or related field
- Understanding of responsive web design patterns and best practices
- Proven ability to work creatively and analytically in a problem-solving environment
- Excellent communication (written and oral) and interpersonal skills.
- General understanding of source control and task management systems.
- Familiarity with what Salesforce is and the purpose of a CRM.
- Willingness to pursue a Salesforce certification in Trailhead.
- Software architecture concepts and knowledge of relational databases like SQL/MySql/Oracle, etc.
- Familiar with web technologies such as CSS, HTML, JavaScript, etc..
- Ability to easily work with different team members with varying approaches and skillsets

- Solid verbal and communication skills

Your Role and Responsibilities

- As Salesforce Admin/Developer Intern most of your activities will include (not limited to):
- Align with Salesforce Consultant/Architects to learn and understand Salesforce
- Learn Salesforce configuration and development, become a ranger on Salesforce trailhead.
- Enhance skills to achieve 2 or more salesforce certifications
- Work on building prototypes and contribute in building UX/UI designs
- Work with leaders to prepare presentations decks, sales presentations
- Help in content writing for the website and managing customer queries
- Get involved in innovation activities on Salesforce platform
- Work on administrative tasks and day to day activities of the company
- Assist in company's marketing and recruitment activities/events

At the end of the internship, the candidate will be graded based on key growth and learning criteria. These criteria will be used both as an indicator to the candidate on where they are as a Salesforce IT professional with areas to improve along with determining a long-term position at NavYaan.

The end goal of this experience is to both create a growth and learning opportunity for new talent coming into the field, but also find the next bright talent to join the NavYaan team.

Qualified applicants will receive consideration for employment without regard to their race, ethnicity, ancestry, color, sex, religion, creed, age, national origin, citizenship status, disability, medical condition, military and veteran status, marital status, sexual orientation or perceived sexual orientation, gender, gender identity, and gender expression, familial status, political affiliation, genetic information, or any other legally protected status or characteristics.

All NavYaan offers of employment in the U.S. are contingent upon the ability to successfully complete the onboarding process and provide the essential onboarding documents.
